## **DEFINITION OF AN INDIANA BRED:**

Any thoroughbred foaled in Indiana whose dam was registered with the Indiana Horse Racing Commission and entered the State of Indiana by December 1st of the year prior to foaling. The mare must remain in Indiana continuously until foaling. The resulting foal will then be eligible to be registered as an Indiana bred.

**OR**

In the event a mare entered the State of Indiana and was registered with the Indiana Horse Racing Commission after December 1st of the year prior to foaling, the foal (which must be foaled in Indiana) will be eligible to be registered as an Indiana bred only if said mare was bred back to a registered Indiana Stallion in the year of foaling.

To register a thoroughbred foal with the IHRC, applicants must submit a completed and signed official application available from the IHRC for each horse to be registered. Applications for these foals must be received within twelve (12) months of the horse's foaling date.
